

5 N.m Torc-Tech Preset Slipping Torque Wrench

- » Torc-Tech code: STO005
- » Torque range 1 – 5 Nm
- » Torque accuracy: $\pm 6\%$
- » Square Drive 1/4" male
- » Slipping mechanism
- » No over tightening
- » STO preset, production type
- » STA adjustable torque wrench
- » 36 tooth reversable ratchet
- » Suitable for industrial applications
- » Ergonomic, easy-to-grip rubber handle
- » Tool weight 0.3 kg, length: 182 mm
- » Includes in-house calibration certificate
- » Meets DIN ISO 6789 & ASME B107.300-2010
- » Accredited calibration available on option
- » Manufactured in Taiwan, Brand Torc-Tech
- » Technical support by Surkon International

Model	STO005
Torque Range (N.m)	1 -5 Nm
Torque Range (lbf.ft)	0.7 - 3.7 lbf.ft
Square Drive	1/4"
Accuracy	$\pm 6\%$
Lenght (mm)	260 mm
Type	Preset
Number of Thread	36
Weight (kg)	0.52
House Calibration	Available
Manufactured in	Taiwan
Brand	Torc-Tech
