

TORC|TECH
A Brand of Surkon International

10 N.m Torc-Tech Preset Slipping Torque Wrench

- » Torc-Tech code: ST0010
- » Torque range 2 – 10 Nm
- » Torque accuracy: $\pm 6\%$
- » Square Drive 1/4" male
- » Slipping mechanism
- » No over tightening
- » STO preset, production type
- » STA adjustable torque wrench
- » 36 tooth reversible ratchet
- » Suitable for industrial applications
- » Ergonomic, easy-to-grip rubber handle
- » Tool weight 0.5 kg, length: 260 mm
- » Includes in-house calibration certificate
- » Meets DIN ISO 6789 & ASME B107.300-2010
- » Accredited calibration available on option
- » Manufactured in Taiwan, Brand Torc-Tech
- » Technical support by Surkon International

Model	ST0010
Torque Range (N.m)	2- 10 Nm
Torque Range (lbf.ft)	1.5 - 7.4 lbf.ft
Square Drive	1/4"
Accuracy	$\pm 6\%$
Length (mm)	260 mm
Type	Preset
Number of Thread	36
Weight (kg)	0.52
House Calibration	Available
Manufactured in	Taiwan
Brand	Torc-Tech
