

60 N.m Torc-Tech Preset Slipping Torque Wrench

- » Torc-Tech code: ST0060
- » Torque range 10 – 60 Nm
- » Torque accuracy: $\pm 4\%$
- » Square Drive 3/8" male
- » Slipping mechanism
- » No over tightening
- » STO preset, production type
- » STA adjustable torque wrench
- » 38 tooth reversable ratchet
- » Suitable for industrial applications
- » Ergonomic, easy-to-grip rubber handle
- » Tool weight 0.6 kg, length: 355 mm
- » Includes in-house calibration certificate
- » Meets DIN ISO 6789 & ASME B107.300-2010
- » Accredited calibration available on option
- » Manufactured in Taiwan, Brand Torc-Tech
- » Technical support by Surkon International

Model	ST0060
Torque Range (N.m)	10 - 60 Nm
Torque Range (lbf.ft)	8 - 44 lbf.ft
Square Drive	3/8"
Accuracy	$\pm 4\%$
Lenght (mm)	355 mm
Type	Preset
Number of Thread	48
Weight (kg)	0.66
House Calibration	Available
Manufactured in	Taiwan
Brand	Torc-Tech
