

Adjustable Torque Screwdriver

0.1 - 10 Nm

- » Torque range 0.1 - 10 Nm
- » Torque accuracy $\pm 6\%$
- » Drive 1/4" female hexagon
- » Dual scale : N.m or lbf.in
- » Applicable in both directions
- » Torque resolution 0.1 N.m
- » ISO 6789-1:2017 certified
- » Torque adjustable and locking system
- » Weight: 0.2 kg, tool length: 185 mm
- » House calibration certificate included
- » Accredited calibration available on option
- » Made in Taiwan, manufacturer: Torc-Tech
- » Technical support provided by Surkon

Part No	Model No	Torque Ranges	Torque Range	Scale	Length	Weight
#	#	(N.m)	(cN.m)	(Nm)	(mm)	(kg)
